Dear Customer,

Congratulations on your purchase of a piece of furniture made from solid American Black Walnut.

The individual wood slats in your piece of furniture are especially selected and sorted by hand by skilled craftsmen. They follow specific guidelines securing the quality demands and design preferences that lay out the form of this furniture range. Through this we have manufactured a unique piece of furniture with the heterogeneity that characterizes acacia, clearly showing the wood's natural irregularities of strong grains, knots and smaller cracks. Features that are often avoided in other furniture ranges. Twists in the wood, smaller cracks and repairs are parts of the uniqueness of the range, and therefore do not qualify for complaints. Wood is a living material, affected by temperature and moisture for a long period after you start using it. Thereby, table tops and top plates will expand and shrink according to the seasons, and cracks and spaces that vary in time are some of the joys of owning a natural product.

To make sure that you will enjoy many years of satisfaction with your piece of furniture, it is imperative with the right care and maintenance. Kindly follow the below guidelines, and we guarantee that your unit will stay beautiful in the years to come. It is our recommendation that you ask your furniture supplier for advice in any instance.
